NO STUDY. NO LEASE.

NO DATA CENTER.

A company called **Global Stack** wants about 5 acres of the Lake Perris Fairgrounds for an edge data center, a parking structure and a helipad. The board signed a nonbinding agreement to study it. **Nothing has been approved.**

TAKE TWO MINUTES

Every email is written and ready to send. In this order:

1. **Email the fair board.** CDFA, which oversees fairs, gets a copy. SaveLakePerris.com/email
2. **Email your state legislators.** SaveLakePerris.com/email/legislators
3. **Sign the petition.** SaveLakePerris.com/petition

Also on the site: county supervisors, state agencies, city councils.

Emailed the board before? It still hasn't acted. Send it again, then email your legislators.

WHY NOT WAIT

100 YEARS **The agreement plans a lease of up to 100 years.** State law limits fair leases to 55 years, according to the Legislature's committee analyses.

The board can end it with 30 days' notice. No reason needed.

Fairgrounds that said no: Ventura, Santa Barbara, Calistoga, Sonoma and Solano. **Our fair board can say no too.**

SaveLakePerris.com

Fair board meetings: usually one Wednesday a month, 4 PM. Next date: SaveLakePerris.com/meeting
